Start learning

HTML - Structure

CSS - Styling

JavaScript - Interaction

Group project | Footer

Start learning opens Courses and Syllabus. Module cards introduce topics; they are not additional pages.

Mobile: module cards stack. Menu expands to the same six links shown on desktop.

02 Courses and Syllabus

One proposed course with three selectable learning modules.

HTML Basics
Select module

CSS Basics
Select module

JavaScript Basics
Select module

Selected module: HTML Basics

Objective: structure a simple webpage.
Prerequisites: no prior HTML knowledge.
Lesson 1: Document structure
Lesson 2: Headings, links and images
Assessment: short quiz | Course policies and resources

Begin HTML module

Group project | Footer

MOBILE

E-learning platform Menu

Module: HTML Basics v

HTML Basics

Objective: structure a webpage.
Prerequisites: none.
Lesson 1: Document structure
Lesson 2: Headings, links and images
Assessment: short quiz
Course policies and resources

Begin HTML module

Group project | Footer

Selecting a module changes its objectives and outline. Begin module opens the matching first lesson.

Mobile: module selection sits above the syllabus. Page labels can be agreed by the group.

03 Lessons and Resources

Choose a lesson, study its content and mark it complete.

Lesson selection

Module: HTML
> Document structure
Headings, links, images
CSS - 2 lessons
JavaScript - 2 lessons

Document structure

Short explanation of an HTML document.

Code example

<html> ... </html>

Practice: create a basic HTML file.

Resource links | Optional captioned video

Mark complete | Next lesson

Take HTML quiz

Group project | Footer

MOBILE

E-learning platform Menu

Module / Lesson v

Document structure

Short lesson explanation.
Code example
Practice activity
Resource links
Optional captioned video

Mark complete

Next lesson | Take quiz

Group project | Footer

Desktop: lesson list sits beside content. Mobile: selectors sit above content; the page scrolls vertically.

Mark complete saves progress. Next lesson changes the lesson; Take quiz opens the matching assessment.

04 Schedule

Suggested study sequence for self-paced learning.
